What We Do

Tools for Schools provides new and gently used classroom materials at no cost to Alachua County Public School teachers, thanks to donations from businesses and individuals.

Why It Matters

- Teachers often pay out-of-pocket for classroom supplies.
- Many families cannot afford school supplies.
- Thousands of reusable items are thrown away every year.

Tools for Schools turns "trash" into classroom treasures.

Who Benefits

- **Teachers**: Save money on classroom supplies
- **Students**: Gain access to essential tools for learning
- **Businesses**: Reduce waste & earn community recognition
- **Environment**: Conserve resources & keeps items out of landfills

The Tools for Schools main facility is open year-round for teachers to pick up items! Our mobile service delivers school supplies to Alachua County municipalities on a rotating schedule throughout the school year.
